MORE HORSES COMING OVER

STEAMER MINNEHAHA SAILED FROM LONDON YESTERDAY WITH MANY THOROUGBREDS.

Mackay's Consignment of French-Bred Yearlings the Principal Item-Others for H. P. Whitney, J. E. Widener and P. T. Chinn.

New York, December 6.—The steamship Minnehaha, which was to have left London on Saturday last, did not sail until today. Four of the Clarence Mackay consignment of thoroughbreds were not shipped for some reason, leaving fifteen head, thirteen of which are yearlings. One two-year-old named Nyack, by Uncle—Semblance, and the frequent four-year-old winner Alleumeur, by Meddler Strike-a-Light, are on the same steamer.

H. P. Whitney has three and Thomas Welsh has several in charge belonging to J. E. Widener.

There are a few others bought at the recent December Newmarket sales, one lot being sent to Phil T. Chinn, the latter having been represented by W. Duke at the sales. The ship is due here about Becember 16.

Bob Rose, once part owner of the good horse Clifford, left, on Saturday for southern California to spend the winter.

FRESH TURF GOSSIP FROM HAVANA.

Havana, Cuba, December 6.—Martin Nathanson, associate judge and handicapper of the Havana race meeting to open at Oriental Park December 16, has arrived and assumed his duties at once. Mr. Nathanson has compiled a list of all the horses in training at the Cuban track, and this list, with those horses arriving from Maryland, indicate the presence here by December 10 of more than 400 horses. Other officials already at the track and busy with preliminary work are Frank J. Bruen, Harry Brown, Jr., and George Dillon.

The twenty-six horses in the stable of H. G. Bedwell at Oriental Park are all doing finely. Mr. Bedwell says none of his horses is sick and he has not heard of a sick horse at the Havana track.

G. W. J. Bissell, of Pittsburgh, who has been here for several days, will spend the holidays with his family in the States and will return here soon after January 1. Mr. Bissell has twelve horses are in the hands of trainer Jim Gass.

A. W. C. Westmoreland is one of the early arrivals from Maryland. He has Skeets, Stubborn and Uffizzl at the Havana track and he will have charge of several other horses for owners who will arrive within a few days.

Logan Denny, who has three of his own horses here and who will train the nine horses in the stable of G. H. Keene, expresses himself as being much pleased with Cuba, the climate, the people and the local race track.

Jockey J. Smyth will do the riding for the Bedwell stable here.

Steward C. H. Lansdale has been at Key West several days looking after the wants of the horsemen who are shipping by way of that point to Havana. Mr. Lansdale will remain at Key West several days looking after the wants of the horsemen who are shipping by way of that point to Havana. Mr. Lansdale will remain at Key West and the couple of days before the opening.

W. C. West shipped three horses here from Sacremento, Cal., and he says as a winter racing point Havana looks good indeed. He has Zoroaster, Confagration and Steleliff.

J. O. Burttschell is at Oriental Park with Kopje and Crisco.

WAMES GIVEN THE COCHRAN YEARLINGS.

Cifford A. Cochran, of New York, while in Lexington during the race meeting this spring, purchased from John E. Madden thirty-six of Hamburg Place's choicely-bred yearling, and of this number names have been claimed for the follow-

ARCHIBALD'S VIEW OF GERMAN RACING.

New York, December 6.—Jockey George Archibald writes from Germany that racing there was exceptionally good considering the disturbances in Eu-

ionally good considering the distantance in income, one.

"There were twenty-six days of racing," said archibald, "with betting the last twelve days only, ran a dead heat for first jockey honors with a terman jockey named Rastenberger. We each rode orty winners. Mr. Haniel headed the list of wining owners, with the imperial stable second, the table I rode for third and Fred Taral's employer ourth."

Archibald mentions nothing of the war situation, but intimates decidedly that there will be racing next year of longer duration than was the case this year, especially in Austria.

ANSWERS TO QUERIES.

Communications without names and addresses will not be noticed nor answered. No answers will be sent by mail and none by wire unless reply prepayment is made at time of wiring query.

W. C. E., Detroit, Mich. As the parlay was made it could only win by Justice Goebel and Drad running a dead heat, and even then would only have paid one-half of its face.

W. E. Q., Chicago. There is no way of defining the matter with precision. The stretch call begins about as soon as the borses are fully into the homestretch, but the practices of callers differ and some do not begin their call until the horses are about an eighth away.

TWENTY LEADING AMERICAN MONEY-WINNING STALLIONS

Except in the way of additional money won little in the way of changes in the accounts of our leading thoroughbred sires occurred in the month of November. In their relative standing they are as a month earlier. Nor is it probable that the end of the year will find any change in position of importance. Broomstick is assured the premiership for the third year in succession, but he falls short of the \$100,000 which at one time seemed a possible credit to him through his progeny. In fact, he will fall several thousands short of his \$190,033 of last year. Star Shoot seems just as firmly anchored in second place and Ogden in third. At the end of November the accounts of our twenty leading sires stood as follows:

M'CALMONT'S NOBLE WINNER

PERFORMANCES OF THE GREATEST MONEY WINNING HORSE OF ALL TIME.

How Isinglass Won the Triple Crown, Eclipse Stakes, Jockey Club Stakes, Ascot Gold Cup and Other Great Prizes of English Racing.

In dealing with the famous horses of the past, one has no intention of endeavoring to proceed on "order of merit" line. Such a task would be both invidious and hopeless. Thus, in making Isinglass the subject of this article, nothing in particular is signified. At the same time, whatever the procedure followed, Isinglass would take a pretty high place, for there is no gainsaying that he was one of the greatest horses of modern times.

Isinglass was the property of that splendid sportsman Captain "Harry" McCalmont, by whom he was bred. He was by the famous isonomy out of a Wenlock mare named Deadlock. This mare was purchased by Capt. Machell, to whom she had previously belonged, from Lord Alington for a mere song and was in 1887 mated with Isonomy, producing a colt which received the name of Islington. This animal failed to attain any great distinction: but after Deadlock had passed into the possession of Capt. McCalmont she was again mated with Isonomy, and the result of the second alliance was Isinglass.

With other of Capt. McCalmont's horses, Isinglass.

EPSOM DERBYS OF A HUNDRED YEARS.

Incidents Attending the Running of the Most Famous Race of the World.

(First Article.)

The Derby of Waterloo year was won by the Duke of Grafton's Whisker. The Duke had previously won the race on three occasions—with Tyrant, Pope and Whalebone, the last two named. like Whisker, being sired by the famous Waxy. After Whisker came in 1816 H. R. H., the Duke of York's Prince Leopold, of which there is nothing else particular to record; but the names that crop up about this period are significant signs of the times, as with contemporary are in more than one instance a somewhat metancholy occasion that have been with contemporary of the downs the fields of Quatre Bras and Waterloo had been fought and won, and more than one familiar form and face was missing.

A name intimately known to old students of the turf is associated with Azor, the '17 winner, which was owned by Mr. John Payne, uncle of a genial and popular sportsman, George Payne, as he was familiarly called by his contemporaries. Azor's owner was the elder brother of Joseph, George I'all and the loth brothers are botton in fallent and gayest of men about town, but John was the only one of the family who bestowed any active patronage upon the turf until his nephew made himself famous upon it. At the date of Azor's Derby young Payne was but a lad of thirteen at school, where possibly, like his friend of after years, Admiral Rous, when a Westminster scholar, he may likely enough have made and landed his malden investment upon his uncle's colt. This, however, without meaning any pun, is purely; a matter of speculation, which we must abandon for to be menoned in connection with the race of that pre-eminently famous pockey, Jim Robinson. The stake also showed a decided improvement in value, but that of 1818, won by Mr. Thornbill's Sam, was still richer, with sixteen starters out of fifty-six subscriptions, giving a value of \$8,500—the largest then known. Tressias, the next year, landed the same amount within a "century" or so for the Duke of Portland, and then there was a depreciation in its value for a few years. Both the talent a

the event proved, he could have won the Derby in a trot.

Middleton was a big-boned, heavy-topped animal, and won the berby from sheer speed, staying not heling his strong point, although not quite deficient in endurance; but his great frame and weight and the provided him best to the two-year-old course. It all the provided him best to the two-year-old course. It all the provided him best to the two-year-old course. It all the provided him best to the two-year-old course. It all the provided him best to the two-year-old course. It all the provided him best to the provided him best to the first him out of training and he was ultimately sold to the Emperor Nicholas for the stud.

With Lapdog, the winner in '26, a 50 to 1 outsider, the name of Lord Egremont appears for the fifth time on the roll of successful owners, a series of triumphs which is not chronicled of any other patron of the sport, though in later times Mr. Bowes and Sir Joseph Hawley are each credited with four, and several gentlemen before and since with three each. To the latter class belongs Lord Jersey, who, scoring his first win with the chestnat his strain of all the provided up his success in '27 with the chestnat' him to the provided his success in '27 with the chestnat' him to the provided him to the highest number previously was sixty when Emilius won, but with only eleven starters, while on this occasion they reached eighty-nine and twenty-three respectively, raising the stakes to about \$13,500.

In '2S occurred the first instance of a deadheat in the Derby for first place, ties for other places, however, being of more frequency. The dead-heaters on this occasion were the Duke of Rutland's Cadland, by Andrew, a little-known sire, and the life. E. Petr's The Colonel, by Whisker, trailed any Whitehall, and mounted by Bill Scott. Trailed any whitehall him, the work him down, and to the bands of

In Spaniel's year (1831) the subscribers to the race for the first time reached three figures, the number being 105, below which it has not since fallen, except in the following year, when it only just topped the century. The winner on this last occasion was Mr. Ridsdade's St. Giles, by Tramp, which gave Bill Scott his madden Derby success. Tramp again sired the winner in "32-Mr. Sadler's Dangerous, about the last of the old four-mile hero's progeny that raced, and got when he was quite blind and broken-winded from age. Isaac Sadler, it seems, had set his heart on having a Tramp, and having sent one of his best mares to him, the result proved that, in spite of age, in-

firmity, and disinclination—for the horse and his visitor had to be left together for a night in the loose box—the stout old stallion could yet leave among his last sons one good enough to win a Derby.

GENERAL NEWS NOTES OF THE DAY.

GENERAL NEWS NOTES OF THE DAY.

Count von Bernstorff yesterday presented to the state department a communication asking for the reasons for the request for the withdrawal of Capt. Boy-Ed and Capt. von Papen, the German naval and military attaches, respectively. It was stated authoritatively, though not in the communication, that the ambassador would under no consideration ask the United States to get safe conducts for the attaches. The German government, was represented as considering it incumbent upon the United States to return the attaches in safety to German territory and bring their successors here. If it develops from the state department's answer that other incidents than the Archibald case and the testimony at the trial of the conspirators of the Hamburg-American line were considered by the United States in asking that the attaches be withdrawn, Germany will contest the withdrawals. If the department replies that those two incidents alone were responsible the withdrawals will take place without further inquiry or protest. Even then, however, Germany will consider that under the circumstances the United States must open the way for the attaches to leave the country. The embassy was represented as considering that it and the attaches stand before the bar of public opinion. In such circumstances the understanding is that the embassy will deny that the attaches have in any way been connected with anything under attack other than the Archibald incident and the testimony in the federal court in New York.

Says an Athens dispatch of yesterday: The 105th German divisios has been rushed to Rustchuck, presumably to meet Roumanian concentration near that point and repel an expected movement of Russian troops. The following official communication was issued by the Bulgarian war office yesterday: After the defeat of the Serbians last Monday near Prisrend the remains of the Serbian army retreated toward Djakovo and along the Balidrini toward Dibra and Seutari, pursued by our troops. Friday our column following the Serbians along the Balidrini overtook them in positions on the left bank of the Ljuma and energetically attacked and dispersed the Serbians, who fled precipitately. The Serbians lost here 100 field guns and howitzers, 200 motor cars, a great quantity of war material. 150 transport wagons and large quantities of uniforms and equipment. The road along the Balidrini to Kularjuma was blocked with the booty. Serbo-Montenegrin troops retreating toward Djanto evacuated this place at the sight of our troops, leaving behind six howitzers. Our cavalry continues the pursuit. According to statements of prisoners King Peter of Serbia had to be carried on a stretcher because the march along the Drina river was even impossible for horses.

the march along the Drina river was even impossible for horses.

Chemicals put in the water of the Hill liner Minnesota's boilers may have caused the breakdown of the big freighter, now on its way to San Francisco, according to information received by C. W. Wiley, marine superintendent of the Great Northern Steamship company. All of the sixteen boilers were put out of commission by leaky tubes at various times since the Minnesota left Seattle November 14 for London with a cargo of 16,000 tons of foodstuffs. Five hundred extra tubes were carried for replacing any of the 6,500 tubes in the boilers, but the supply has been practically exhausted. British agents informed the company. Mr. Wiley said, that a water tender boasted to his wife that the vessel would not make the vorage. I sent this information to Capt. T. W. Garlick by wireless, but he has made no comment on it. The Minnesota will return to San Francisco, Mr. Wiley said, instead of putting into San Diego.

san Francisco, Mr. Wiley said, instead of putting into San Diego.

Five additional indictments were returned at New York yesterday against Robert Fay, Walter Scholz, Max Breitung, Dr. Herbert Kienzle, Engelbert Bronkhorst and Paul Darehe. All were charged with conspiracy to commit murder, to commit assault with deadly weapons and to destroy ships. The previous indictments against them merely charged them with attempting to destroy ships. Fay, who says he is a lieutenant in the German army, and his associates were originally arrested on charges of conspiring to blow up ships carrying munitions to the allies. Fay claimed to have invented a device which could be attached to the propellers of the ships and which would be exploded by the movement of the vessels. The original charge referred to ships presumably owned by the allied nations. The new indictments specifically state that the alleged conspiracy was directed against Americans and ships owned in part or whole in this country.

A new record in receipts of logs was established

rected against Americans and snips owned in part or whole in this country.

A new record in receipts of hogs was established at the Chicago stock yards yesterday when \$0,000 were received. Last Monday 48,000 hogs were received. The average Monday run of hogs is 30,000. Today's record run, which presaged a sharp break in the price, and the possibility of a severe shortage later, was caused by the lack of feed in hog and cattle raising states. Shippers reported that feed conditions throughout the entire middle western and western states are serious, due to a freeze suffered by the corn during August. It was estimated that there were more than 14,500,000 pounds of pork in the shipment. Pork sold Saturday at prices ranging between \$6.85 and \$6.90, but it was predicted that before the end of the week prices would be the lowest in several years. Shipments of cattle also were large, the receipts being 35,000, as against 25,000 a week ago.

The Athens correspondent of the Havas agency sends the following to Paris under date of Sunday: According to news from Saloniki the Serbian troops retiring from Monastir arrived at Gievgeli yesterday and will fight under the orders of General Sarrail (commander-in-chief of the French army in the orient) in junction with the French troops. A band of Turkish and Bulgarian irregulars is reported to be between Monastir and Kavadar, seeking to harrass the French at Kavadar. A. M. Eliphtherios Venizelos, ex-premier of Greece, has issued a manifesto addressed in the name of the liberal party to the people of his country advising abstention from voting in the forthcoming general elections. The manifesto was issued November 21, but its transmission by telegraph was prevented by the Greek government, and it reached Paris today by mail.

With fire raging in No. 2 hold, the British steamer Carlton arrived in port at Halifax yesterday with 7,300 tons of sugar on board. Captain Henderson at once reported to the admiralty. "What was the cause of the explosion?" the captain was asked. "What is the cause of them all?" he replied. He said the ship was rolling heavily when the fire was discovered and he was not sure whether an explosion had occurred. The steamer Carlton of Newcastle suiled from New York with sugar last Thursday bound for Queenstown for orders. The fire was discovered Saturday afternoon and the smoke was so dense it was impossible to make an investigation. Steam was forced into the hold and the hatches were securely fastened down. An official communication issued at Paris says:

An official communication issued at Paris says: The activity of the artillery has become more intense on both sides. In Belgium our artillery effectively shelled the underground passageways in the region of Hetsas, where hostile troop movements were reported! Int Artois our batteries energetically replied to a violent bombardment of our trenches at Crassier Double, to the southwest of Loos. Between the Somme and the Oise our trenches at Crassier Double, to the southwest of Loos. Between the Somme and the Oise our trench guns destroyed enemy posts to the north of Herbecourt and a shelter for machine guns under a cupola toward Tilloloy. Mine fighting continued to our advantage in the region of Frise, in the St. Mard wood, to the east of Tracy-le-Val and on the heights of the Meuse at Les Eparges.

A dispatch of yesterday from Shanghai, China, says: The crew of the Chinese cruiser Chao-Ho muttinied last night and opened fire on the arsenal and two other warships. The fire was returned by the two other warships and the engagement lasted an hour, Many shots were exchanged, several of them falling in the foreign section of the city. Apparently the outbreak has been confined to the Chao-Ho. The Chinese authorities announced that the Chao-Ho would be shelled and sunk at day-break. At that hour, however, all was said to be affected in the continuous continuous for the nature of the outbreak are current, and owing to strict measures taken by the authorities it has been impossible thus far to obtain official information. The recruiting scheme of the Earl of Derby, director of recruiting, has not been as successful as had been hoped for, according to James. Henry Thomas, Jabor member of parliament, addressing a meeting of rallway workers at Long Eaton Sunday

night. Mr. Thomas said he had discussed the matter with the Earl of Derby Saturday and that the earl had expressed the opinion that his plan had not been as successful as he had anticipated or had a right to expect. Therefore, the earl declared, the supreme effort must be made in the next few days by those who valued their freedom and were opposed to conscription.

That the Germans plan one more great drive against the French and British lines in January, after which, in case they fail, they will turn to President Wilson and the pope with the request that they start peace negotiations, is reported by the Lausanne correspondent of the London Times on what he declares is accurate information. The Germans, he says, are still in a state of alarm following the big offensive of the allies in the Champagen district and the Krupps are working 'everishly to prepare the necessary big guns and material for a great drive.

Fire was discovered in a hold of the steamship:

for a great drive.

Fire was discovered in a hold of the steamship: Tyinghame as the vessel was loading sugar for an English port at her Brooklyn pier Sunday. The flames were extinguished with little loss. The vessel, owned by the Hall Steamship Company of London, was to sail this week. Capt. David Jones told the police he believed the fire suspicious, and further investigation indicated the flames started in several places at the same time. The blaze was similar in many respects to that discovered last month on the steamship Euterpe when it was loading sugar for England at the same pier.

The sixty-fourth congress, destined to go down into history as one of the most important sessions ever held, came into being at noon yesterday. Before crowded galleries and amid scenes on the focrs, of both houses which presaged patriotic deliberations on international questions, and intense partianship on domestic issues, both the house and senate proceeded to organization as a preliminary to receiving the executive message which will be read to both houses in joint session by President Wilson today.

The latest census figures for Ireland show an increasing population. However common this may be in America, or in the other countries of Europe, this feature is for Ireland an agreeable novelty. For the quarter ended September 30, the number of births in Ireland was 27,779, a rate of 20.8 per thousand, and the deaths 14,670, a rate of 13.4 per thousand, and the deaths 14,670, a rate of 13.4 per thousand. There were only 3,511 emigrants, so that the net increase in population is 9,398. It is the decrease in emigration that has turned the scale.

In a vote of confidence for the government in the Italian chamber of deputies Saturday, the policy of the cabinet was sustained, 405 to 48. The vote followed a speech by Premier Salandra, who declared the confidence of the government in final victory. The socoalist deputy, Signor Cicotti, made a patriotic speech, whele caused many deputies to embrace him.
